

# The Dollars and Sense of Remote Work

More and more employees are working remotely because they can. And more and more companies are allowing it because of the benefits related to increased productivity, talent retention/acquisition and employee engagement.

**So...does it make sense?**

## SEE FOR YOURSELF

### GET ENGAGEMENT

NOT ENGAGED AT WORK

ENGAGED AT WORK

Employees who work remotely twice a week are **25%** more engaged than office-bound workers.

**COMPANIES WITH ENGAGED EMPLOYEES:**

**21%** greater productivity

**22%** higher profits

**45%** lower turnover

**45%** lower absenteeism

## INVEST IN YOUR PEOPLE

**KEEP YOUR TALENT**

**200%** of salary is the cost of losing a key employee

**47%** would waive up to 9% of salary for the opportunity to work remotely

**GET NEW TALENT**

**3/4** of workers say flexibility is one of the most important factors when looking for a new job or deciding who to work for

## PRODUCTIVITY INCREASES... DO THE MATH

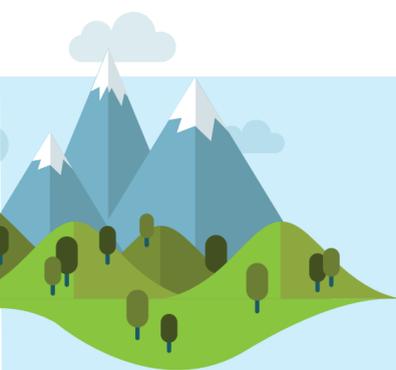

Remote workers are up to **55%** more productive

They work **1/2** of the time they would have spent commuting

**\$6.5 million** is the annual impact of a 15% increase in productivity for a 1,000 person company

## MORE IMPACTS

**SAVE THE PLANET!**

If everyone in the US could remote work **50%** of the time, the pollution reduction would equate to the entire workforce of NY state being off of the road for **1 year!**

## Take Action

We've developed more tools that can help you decide if having a remote work policy is worth while. Click on the ROI Calculator and plug in your custom numbers to see how remote work can benefit both the employer and the employee. You can also click on our eBook to get more information on why remote work makes sense.
